

SE SW/West Mids/East Mids Regions
2024 Open Water Swimming Championships & Age Group Competitions

Cotswold Water Park Hire
Lake 86, Spine Rd E, Cirencester GL7 5TL

23rd June 2024

Review

Date compiled: 02/07/24

Background

The Swim England South West Region Open Water Swimming Championships and Age Group Competitions were held in Conjunctions with the West & East Midlands Regions. The combined events are held in late June or early July each year and include 5Km, 3Km, 2Km and 1Km races. This is the third year that a combined regional event has taken place at Lake 86.

The event date was Sunday June 23rd 2024.

The events consisted of Championship Events of 5Km, 2km and 3km and a 1km Taster Event for those 11 and 12 year olds new to open water racing.

The events were open to all suitably experienced swimmers who are members of Swim England. Other swimmers may enter but they must have paid for a temporary SE membership to cover the insurance.

A change to the number of swimmers that could qualify for Nationals was sanctioned by Swim England for 2024. This year the South West was permitted to qualify 4 swimmers from each age group. The qualifiers from the South West Region are listed in **Appendix 1**. All age groups were able to qualify the 4 swimmers apart from the 19+ Females where on three swimmers entered.

Distances for the National Championship has also been changed for 2024 with the following age groups/distances for both female and open/male competitors

13yr – 3km
14/15 – 5km
16 and over – 75k

The entry route through pool 1500m results is again also available.

Entries

This year was a significant rise in entries – many of which were close to the deadline and some also chose the late entry route which was at an increased price.

Year	Total Entry Numbers	SW Entries
2017 (Weymouth)		194
2018 (Weymouth)		165
2022 (Lake 86)	117	63 (53%)
2023 (Lake 86)	251	157 (62%)
2024 (Lake 86)	362	205 (56.6)

We have now surpassed the entries for 2017.

Water Conditions

Water quality analysis is provided in **Appendix 5**. And shows that the lake has excellent water quality.

Water temperature was 18.2 degC as of 2pm on June 19th and was 19.8 degC at the start of competition, confirming that this was not a wetsuited event.

Officials and Volunteers

A list of officials and volunteers is provided in Appendix 2.

The South West President, Mrs Jill Beard, kindly did all the medal presentations this year for all the regions and was greatly appreciated by all the regional open water committees.

Medical Cover

A2E Medical Services www.a2emedicalservices.co.uk provided two paramedics for the event. The A2E post event record sheet is attached as **Appendix 3**.

Event Parking

This year a more proactive approach to on site parking was used and proved to be extremely successful.

Facilities

There is a coffee and crepes container on site. An additional burger tent was also available.

Following complaints last year, additional toilets were provided giving a total of 13, one which had disabled access.

Results

The full event results are presented in **Appendix 4**. A breakdown of swimmers from each county in the South West is also provided.

Appendix 1

SW Regional Qualifiers from South West

Open/Male Open Water Qualifiers for National – South West Region

Region	Age	Place achieved at Regionals	Given Name	Family Name	Club
South West	13	1	Ed	Pearson	Mount Kelly Swimming

Paramedic Post Event Report

POST EVENT MEDICAL REPORT
Swimming Championships
Sunday 23rd June 2024

Section 1 - Weather conditions on day

Details of event day weather conditions can be obtained from the BBC Weather website <http://www.bbc.co.uk/weather/> or the Met Office website <http://www.metoffice.gov.uk/public/weather/observations>

Ambient temperature (Deg C)	15-22
Wind speed (mph)	6
Other (eg relative humidity sunny/overcast/raining). Please state	Morning cloudy clearing to sunny afternoon

Section 2 - First Aid or Medical Provision on Event day

Provision numbers	Numbers
Medics– external provider	2
Medics – event volunteers	0
Cycle/motorcycle responders	0
Ambulances	0
Response cars	0
Paramedics	0
Doctors	0
Defibrillators	1
Nurses	0
On course first aid posts	1
Other, please state (e.g. physiotherapist)	0

Details of first aid/medical provider	
Name of first aid provider (or Medical Director)	A2E medical Services Ltd
Name of Medics covering the duty	Louise Bearman & Nick Bearman
Contact phone number	07475694994
Contact email address	admin@a2emedicalservices.co.uk

Section 3 - Casualty Details

Overall casualty numbers	Medical *	Trauma *	Totals
Competitors	7	3	10
Spectators	1	0	1
Volunteers (staff and contractors)	0	0	0
Total patient contacts	8	3	11

Medical conditions might typically include exhaustion, fainting, sickness, cardiac conditions etc
 Trauma includes injuries such as blisters, abrasions, sprains, head injury etc from trips, falls, traffic accident etc

Serious Casualties	
Hospital transfers	0
Serious collapses	0
Defibrillation – number carried out	0
Deaths	0
Other comments For serious collapses requiring removal to hospital please state cause of collapse (eg cardiac, physiological, underlying condition, trauma) and location by distance on course (eg <i>1 x collapse due to suspected cardiac condition at mile 2, or finish</i>)	<p>5k group 1 - retired and feeling cold. Given blanket. Left in care of their parents to warm up in the car.</p> <p>5k masters - retired with nausea and dizziness, ?side effects from current medication. Provided blankets and sat in tent. Coached breathing. Strong regular pulse. Emotional support provided.</p> <p>5k masters - requested ice pack for right eye. ?kicked/goggles. vision ok. Advised to call 111 if it became worse.</p> <p>5k female 17/18 - retired at 4k. 1g paracetamol @1243 for sinusitis. Ongoing medical problem. icepack provided for eyes. Advised to call 111 if blurred vision or worsening of symptoms</p> <p>2k (13) - dizzy in swim and at finish. Sat them down. parents provided food and drink which helped. Left in care of parents.</p> <p>2k mixed masters - dizzy after finish. sat down and had sip of water.</p> <p>3k female (15) - 500mg paracetamol for headache @ 1515</p> <p>3k (14) - Right shoulder pain. ?soft tissue injury. advised to seek further help if it gets worse. Have a warm bath/shower at home and keep shoulder mobile. Parent provided paracetamol.</p> <p>3k - right shoulder ?soft tissue injury. ice pack provided. advised to seek further help if it gets worse. Have a warm bath/shower at home and keep shoulder mobile.</p>

3k - vomited at the finish after pushing hard and swallowing water. Had water to rinse mouth and drink sips.

Female 50 years - asked to sit in tent approx 1520 and provided water. Heart rate was ~180. After 15 minutes it had decreased to 167. Provided a cooling towel. patient was trying different techniques to slow heart rate down. PMH heart defect with extra pathway in the SVT. Found someone from the group that provided a car with air conditioning to cool down. Heart rate increased to 180, during transfer. SpO2 99% at 1603, p146. BP 117/98 p151 1612 called 999 as heart rate was not decreasing below 150. Advised to self transport to a hospital. Left at 1630 and travelled with the patient to the hospital, should any cardiac episode occur. The patient felt faint when she got out of the car. Patient handed over into the care of Cirencester MIU with family member. Left hospital at 1652 and returned at 1700.

Appendix 5
Water Quality Results

Water Quality Results Certificate

Client Name: Racoo Screening LTD

Water Body Name: Lake 86 - GL7 5TL

Certificate Reference: TSBN7689882

Analysis Start Date: 18/06/2024

Report Date: 20/06/2024

Analysis Results – Microbiology

Sample 1 - Top

Test/Unit	Results	EC Bathing Water Directive	BTF Requirements
E. coli (no/100 ml)	1	Pass Excellent	Pass
Enterococci (no/100 ml)	0	Pass Excellent	Pass
pH	Awaiting Result	-	-

Sample 2 - Bottom

Test/Unit	Results	EC Bathing Water Directive	BTF Requirements
E. coli (no/100 ml)	1	Pass Excellent	Pass
Enterococci (no/100 ml)	3	Pass Excellent	Pass
pH	Awaiting Result	-	-

The testing results in this certificate relate only to the samples described above. Unless otherwise stated, all results are expressed on an as received basis. All analysis was carried out in UKAS accredited laboratory.

Please visit www.swim-safety.co.uk/results-guidance/ for more info on results thresholds.

Water Quality Results Certificate

Client Name: Racoo Screening LTD

Water Body Name: Lake 86 - GL7 5TL

Certificate Reference: ALG-RS-150624

Analysis Start Date: 18/06/2024

Report Date: 19/06/2024

Analysis Results – Algae

Sample 1

Algae species	Algae type	No of colonies or filaments/ml	No of cells/ml
None Detected	Blue Green	0	0
		Total cells/ml:	0
		WHO Rating:	N/A

Comments

The samples were examined for the presence of Cyanobacteria at upto x400 magnification. 200ml of each sample was then filtered to concentrate the algal cells and this was examined at upto x400 magnification.

No cyanobacteria was found in the sample.

There were signs that the sample had recently had a bloom of Dinobryon sp., a 'golden algae'. This may have discoloured the water slightly.

The World Health Organisation (WHO Rating) above indicates levels of algae present in the sample(s), against WHO guidance values.

Please visit www.swim-safety.co.uk/results-guidance/ for more info on results thresholds.
