Swim England Fund Team Bath AS Talent ID Day

Team Bath AS has been awarded funding from the Swim England to run a Talent ID program for swimmers in the Bath area.

The Talent ID Day on Saturday 22 February will offer talented swimmers (8-13 years) a free 1 hour skills and technique session in the Olympic size pool at the University of Bath. During the event parents and guardians of aspiring swimmers will also be treated to a presentation from Team Bath AS Head Coach, Chris Alderton on the Swim England Pathway and 'What is Talent?' After the event, Team Bath AS will offer successful swimmers a trial in the squad most suited to their skills and level of development so they can start their competitive swimming journey.

Funded by the Swim England Membership Growth Fund the Team Bath AS Talent ID Day will help ensure that all talented swimmers in the Bath area have the opportunity to meet their potential via a structured program at a local Swim England accredited Club.

For further information about the Talent ID Day and to apply for a place please contact
